Fly Away
by John Johnson

Verse:

Morning light in paradise
Light enough that i could fly
Won't you join me,
We can we fly away?
Slicing through the morning air
On a whim or on a prayer
Where we're going,
Well, i just can't say

Chorus:

High above the trees
Floating on a breeze
Why don't you and me fly away

Verse:

If i call you, would you go
Would you even need to know
Where we're going just before we flee
To somewhere that loves the eyes
There's no claims or compromise
Won't you, can you,
Could you come with me

Chorus:

Verse:

It's the time for us to go
Come along, you can't say no
Promise that you won't
Wake from this dream
We'll keep climbing far away
Forever and again a day
Won't you join me,
We can fly away
