**Exit Strategy**  
By John Woog Johnson

Every Wednesday you call me  
and I'm not home  
You must have just caught me  
as I'm walking out the door  
Every time that I see you  
coming down the street  
there is somewhere else I need to be

chorus:

I didn't mean to hurt you  
but I got bored  
and I just discovered I don't love you anymore  
I saw you at the 12 step  
but I was strung out  
and I really don't want to talk about it now  
All your old friends  
want to hang with me  
sorry, that's not how I planned it to be

chorus:

I didn't mean to hurt you  
but I got bored  
and I just discovered  
I don't love you anymore  
I just discovered I don't love you anymore  
I just discovered I don't love you anymore  
I used to like the way  
you walked my dog  
how is the little guy  
it's been so long  
You should probably get up off of the floor  
Because I just discovered I don't love you anymore

chorus:

I didn't mean to hurt you  
but I got bored  
and I just discovered  
I don't love you anymore  
I just discovered I don't love you anymore  
I didn't mean to hurt you  
but I got bored  
and I just discovered  
I don't love you anymore  
I just discovered I don't love you anymore  
I just discovered I don't love you anymore  
I just discovered I don't love you anymore
