Mile High
by John Johnson

Chorus:
I got a mile high feeling for you
I got a feeling for you
I got a mile high feeling for you
I got a feeling for you

Verse:
When the ship picked me up
And they took me away
They said we'll let you go
Once we learn your ways
We'll fix you all up
And we'll make you feel nice
And when you love your baby
She'll light up and give a prize

Chorus:

Verse:
I was talking to asparagus
And it said to me
If you don't eat me I'll
Point you to a tree
Where the fruit tastes like wine
With violets in your hair
And when you wake up in the morning
You'll be horny as a satyr

Chorus:

Verse:
The angels are falling down
From the sky
The devil is running with
No place to hide
The sixth sign has happened
And the sevenths over due
So there's only one thing baby
Left for me and you to do

Chorus:
