Queen of Fantasy
by John Johnson

Verse:

Come over here baby and talk to me
I got something special for you to see
You know I'd follow you anywhere
And did I say you got beautiful hair

Chorus:

You're the woman of my dreams
You're the queen of fantasy
You're everything you seem
You're the queen of fantasy

Morphing the vortex with wings unfurled
You're pretty warpy for a little girl
the infinite vertex is melting to stay
Pop my nova and blow me away

Say you love me I know you do
there's no one little and cute as you
I'm a wizard with a one-track mind
I'm gonna enchant you and make you mine
